

Navigation Glossary

The following terms apply to SES Version 9.0

| | |
|----------------------------|---|
| Breadcrumbs | Also called footpaths, consist of hypertext links forming a navigational trail back to the home page. |
| Component | A group of pages (e.g. Student Program/Plan pages). |
| Hypertext Link | Connects one piece of information to a related piece of information. Clicking on a hypertext link takes you directly to the linked destination. |
| Menu Group/Menu Items/Menu | Used to navigate within the system. Menus expand horizontally. |
| Page | A screen/window with fields for inputting data (e.g. <i>Bio/Demo Data</i> page). |
| Page Tabs | Located at the top of pages, clicking on them allows you to navigate quickly to different pages within a component. |
| Password | Field for entering your password. This field along with User ID is necessary to gain access to the system. |
| User ID | Field for entering your ID when logging into the system. |
